

Mumford ISD
Student Agreement for Acceptable Use of the District's Technology Resources
Policy CQ

You are being given access to the District-provided technology resources listed below.

With this educational opportunity comes responsibility. It is important that you and your parent read the applicable District policies, administrative regulations, and agreement form, and contact Flavio Saucedo at 979-279-3678 if you have questions. Inappropriate use of the District's technology resources may result in revocation or suspension of the privilege to use these resources, as well as other disciplinary or legal action, in accordance with the Student Code of Conduct and applicable laws.

The following guidelines apply to all District networks, e-mail accounts, devices connected to the District's networks, and all District-owned devices used on or off school property, whether connected to the District's network or connected through a personal data plan or other means of access.

Additionally, the District prohibits bullying or harassment through electronic means regardless of the device used, the network used, or the location of use. [See District policies FFH and FFI.]

You are being given access to the following technology resources:

- District computer hardware, software, and printers on your school campus;
- District networks, accounts, and document storage space;
- District-filtered Internet access.

Please note that the Internet is a network of many types of communication and information networks. It is possible that you may run across areas of adult content and some material you (or your parent) might find objectionable. While the District will use filtering technology to restrict access to such material, it is not possible to absolutely prevent such access.

The individual in whose name a system account is issued will be responsible at all times to follow the rules for its proper use.

Rules for Responsible Use

- District technology resources are primarily for instructional and educational purposes. Limited personal use is allowed only if the rules in this agreement are followed and the use does not interfere with school work.

- Students will not download or sign up for any online resource or application without prior approval from their teacher or other District administrator.

- You will be held responsible at all times for the proper use of your account, and the District may suspend or revoke your access if you violate the rules.
